Betreff: With thanks

Dear Dr. von Jeinsen:

Families of September 11 thanks you for informing us that the German Courts have affirmed Mounir el Mottassadeq's conviction. We also understand that the prison term served during the court proceedings will be deducted from the 15 years sentence.

You have assisted the families of 9/11 who have become co-plaintiffs with rare dedication "pro bono" all those years in the Hamburg court proceedings. The families are grateful for your engagement, expressed in some more meaningful form already some time ago.

With many thanks and much appreciation for all you do.

Sincerely,
Carie Lemack
